REFERENCE: SWAMP ROAD AND US HWY 61

Dear Mr. Bradberry:

I have been contacted by a number of my constituents who live on Swamp Road in Ascension Parish. The intersection of Swamp Road and Airline is becoming extremely dangerous due to the volume of traffic on Airline Highway and Swamp Road. During rush hour there are as many as three to four vehicles in the median trying to enter Swamp Road. There have been a number of accidents that have occurred at that site. This letter is a formal request to the Department of Transportation to survey the problem during peak traffic hours to see if in fact a signal is warranted to alleviate this dangerous condition.

Swamp Road also intersects Perkins Road and that intersection is also becoming very dangerous. A light needs to be installed at that intersection as well so the residents can get onto Perkins Road.

I would appreciate your advising me as to your findings as soon as possible.

Sincerely,

A handwritten signature in black ink that reads "Eddie J. Lambert".
